Lt. Gen. Hoyt S. Vandenberg  
Central Intelligence Group  
New War Department Building  
21st and Virginia Avenue, NW  
Washington, D. C.

Dear General Vandenberg:

I have just received a letter from Senator Chan Gurney, asking me whether I would testify on the Central Intelligence Agency, and I have replied that I would be entirely willing to do so. No date has yet been fixed but it would probably be within the next ten days.

There are certain features of the provisions in the unification bill relating to the Central Intelligence Agency which do not seem to me to be too satisfactory. Over the coming weekend I hope to get time to prepare a brief statement for the committee.

Faithfully yours,

/s/ A. W. Dulles
